# ***How to Be A Self-Advocate Role-Play Activity***

Work in groups of two or three. Choose one of the self-advocacy situations. Within your group, read the situation out loud and discuss ways to solve or improve the situation by being a self advocate. Come up with different possible solutions to the situation and list them below. Pick one creative adaptation and develop a short role-play to demonstrate your adaptation. Remember: It is important to consider how to advocate for yourself without alienating friends or teachers.
