

EFFECTS OF ALCOHOL

Name _____ Date _____ Class Period _____

**Egg Experiment
Science Report**

List the materials required for this experiment.

Hypothesis: (What do you think will happen?)

Observations: (A) What did you observe when the egg was cracked into the water? (B) What did you observe when the egg was cracked into the alcohol?

EFFECTS OF ALCOHOL

Name _____ Date _____ Class Period _____

**Egg Experiment
Science Report
(Continued)**

Observations:

Conclusion: (Why did this happen?)

Application of Knowledge: (What does the information learned in this experiment tell you about the effects of alcohol on the human body?)
